

Lonza UK Tax Strategy

At Lonza, we enable a healthier world by supporting our healthcare customers on the path to commercialization. Our community of around 18,000 skilled employees work across a global network of more than 30 sites to deliver for our customers across the pharma, biotech and nutrition markets.

By combining technological insight with world-class manufacturing, scientific expertise and process excellence, we help our customers to deliver new and innovative medicines that help treat a wide range of diseases.

In compliance with Schedule 19 of Finance Act 2016, Lonza is publishing its UK Tax Strategy for the financial period ending 31 December 2024. The UK Tax Strategy applies to all Lonza affiliated entities in the UK (collectively “Lonza UK”).

It shall be read in conjunction with Lonza’s global tax strategy (“Lonza’s Approach to Tax”) published on our website: [Standards and Transparency | Lonza](#) (in Section titled *Lonza’s Approach to Tax*).

Lonza’s global tax strategy fully applies to how Lonza manages tax risks in the UK, to Lonza’s attitude to tax planning in the UK, to the level of risk for UK taxation, and to how Lonza UK works with HMRC.

In addition to the tax governance pillars set out in the global tax strategy, the Boards of Directors of the UK entities are duly informed of, and if required, approve relevant statutory tax filings.

The tax strategy of Lonza UK will be regularly reviewed and updated, in line with relevant business and regulatory changes. It is approved by the Boards of Directors of the UK Lonza entities.
