Lonza harnesses science and technology to serve markets along the Healthcare Continuum®. We focus on creating a healthy environment, promoting a healthier lifestyle and preventing illness through consumers’ preventive healthcare, as well as improving patient health care by supporting our customers to deliver innovative medicines that help treat or even cure severe diseases. Patients and consumers benefit from our ability to transfer our pharma know-how to the health-care, hygiene and fast-moving consumer goods environment and to the preservation and protection of the world where we live.

Founded in 1897 in the Swiss Alps, Lonza today is a well-respected global company with more than 100 sites and offices and approximately 15,500 full-time employees worldwide at the end of 2018. The company generated sales of CHF 5.5 billion in 2018 with a CORE EBITDA of CHF 1.5 billion.

Being one of the world’s leading and most-trusted integrated solutions providers to the pharmaceutical, biotech, consumer health and specialty chemicals markets, Lonza is creating value along the Healthcare Continuum® with a strong focus on patient healthcare, consumer preventive healthcare and consumer’s healthy environment.
